REPORT ON SUPER CLUB-SESSION III

Interaction on “Prospects & Opportunities after Engineering”
Wednesday, Feb 19th 2014

by Mr. Qaisar Hafiz
(Ex-I.E.S.), Director, QH Engineers Zone

T&P Cell, PU organized an interactive session with Mr. Qaisar Hafiz, on Prospects & Opportunities after Engineering.

The seminar aimed towards making students aware about

- Prospects and options after engineering
- How to set goals and prepare to move towards the same
- how the capabilities of students vary according to geographies and facilities and what can they do to overcome them
- how the past successful engineers have prepared and what do they have to suggest to the students
- tips and tactics, methodologies of preparation what to do and what to avoid
- Interaction with IES, GATE, PSU toppers to solve queries and confusion

Mr. Qaisar Hafiz (1), (Ex-I.E.S.) has a unique record of qualifying Engineering Service Exam (IES) five times with A.I.R.-02 in 2007 & the distinguished record of securing more than 150 marks in I.E.S. interview. He has a vast experience of 13 years of teaching/ guiding in the field of IES, GATE, PSUs. He is one of the very few IIT-ians in this field.

He completed B.Tech. with Honors in the year 2000 at an early age of 20 years from IIT Roorkee. Rather than joining the glamour jobs of software/ I.T., he opted for teaching as a profession.

Mr. Puneet Gumber (2), MD & Founder of Shiva Illuminate Pvt Ltd, also interacted with students focusing on hard work and dedication required for preparation of competitive exams. The session was interactive and benefitted students taking them through immense opportunities available after engineering and guiding for preparation of PSUs.
