ABOUT JAIPUR

Jaipur city, the capital of Rajasthan is universally known as the “Pink City”. Jaipur, which means the “City of Victory”, was built 288 years ago and is 282 km by road from New Delhi, The Nation’s Capital. The old city was well protected by a strong wall encircling it. Built in Year 1727 by Sawai Jai Singh-II, Jaipur was the first planned city of its time. Jaipur was planned by Vidyadhar Bhattacharya, a Bengal Architect, in a grid system with straight avenues, roads, streets & lanes and uniform rows of shops on either side of the main bazaars. The city was arranged in nine rectangular city sectors (Chokias). Jaipur is predominantly known for its musicians, artists and craftsmen and fair and festivals. It has attractive monuments where one can breathe in the fragrance of history, make Jaipur a tourist’s paradise. The landscape of Jaipur is dotted with numerous temples. It is because of the religiosity among people that it is also referred as Chhota Kashi. Jaipur is a centre for both traditional crafts and modern industries. It is famous as the largest exporter of precious stones in the world.

HOW TO REACH

From Jaipur railway Station and Bus Stand (Sindhi Camp):
Jaipur Railway Station and Jaipur Bus Stand are very close by and are about 25 km, from the venue. Prepaid auto rickshaws and taxis are available at Mahatma Gandhi Hospital, which is close by to the venue.

The university aims to achieve world class excellence in imparting knowledge, research and teaching, making invaluable contributions to the research facilities and modern development of the nation. Poornima University is committed to bring perceptible change in society with its innovative and equitable practices and system.

ABOUT IGBC

The Indian Green Building Council (IGBC), part of the Confederation of Indian Industry (CII) was formed in the year 2001. The vision of the council is, “To enable a sustainable built environment for all and facilitate India to be one of the global leaders in the sustainable built environment by 2025.”

The council offers a wide array of services which include developing new green building rating programmes, certification services and green building training programmes. The council also organises Green Building Congress, its annual flagship event on green buildings.

The council is committee-based, member-driven and consensus-focused. All the stakeholders of construction industry comprising of architects, developers, product manufacturers, corporate, Government, academia and nodal agencies participate in the council activities. The council also closely works with various State Governments, Central Government, World Green Building Council, bilateral multi-lateral agencies in promoting green building concepts in the country.

The council is also involved in setting up local chapters and centres for increasing the knowledge in the field of green movement. Currently, there are around 20 chapters functioning in the country and many centres working under individual chapters to make the movement widespread.

Mission of Local Chapters:

- To reach out the IGBC Vision at the Regional Levels
- Local Chapters Agenda:
  - Faster penetration & reach
  - To reach out to wider section of stakeholders
  - Involve local agencies & Institutions in the Green building movement
