We are Proud to announce

is the first

Institutional Member

of

in Rajasthan

About IEEMA:

INDIAN ELECTRICAL & ELECTRONICS MANUFACTURERS’ ASSOCIATION (IEEMA) is the first ISO certified industry association in India with 800+ member organizations encompassing the complete value chain in power generation, transmission and distribution equipment. IEEMA members have contributed to more than 90% of the power equipment installed in India.

IEEMA is a national representative organization of manufacturers of electrical, industrial electronics and allied equipment in India. As a representative of the electrical industry, IEEMA maintains dialogue with the government of India, its departments, electric utilities, users, standardization bodies, educational institutions, research, development and testing agencies.

IEEMA today represents about 800 member-organizations from public, joint and private sectors, whose combined annual turnover is in excess of US dollars 30 billion, with its members contributing to more than 95% of the 2,30,626 MW of power generating capacity installed in India.
Benefits of Institutional membership:

“Institutional Membership” offering by IEEMA is a value proposition for a Tech-Educational Institute in view of IEEMA’s objective to create synergy between academia & industry to deal with the growing complexity of business environment. The Institutes to benefit in following ways –
