## Report on Special Lecture

By

Ar. Archana Singh Rathore

**SUBJECT NAME:** Architecture Drawing

**Date:** 13 MARCH 2015

**Time:** 8.30 a.m. to 10.30 p.m.

**Audience:** 63 students of B.Arch. - I Year (A+B batch)

### **DETAIL OF EXTERNAL FACULTY**

Name	<b>Ar. Archana Singh Rathor</b>
Experience	16 Years
Qualification	B. Architecture, M. Plan
Specialization	Planning
Area of Interest	Architecture
Institution	Aayojan School of Architecture, Jaipur

### **CONTENTS OF LECTURE:**

- Topic 1      Sciography of Simple geometric forms
- Topic 2      Sciography in perspective
  - Sub Topic 1    Introduction of Sciography
  - Sub Topic 2    Method of Drawing perspective Sciography

### **OUTLINE OF LECTURE (DESCRIPTIVE):**

The lecture was very useful for the students, there was a digital presentation followed by studio which was very interactive, students were asked to draw sketches on the black board. Many of them were successful in drawing. They understood the importance of Sciography in Architecture & the process of drawing Sciography of simple objects facing the source of light from different angles. With this knowledge shared by the guest faculty, students will now be able to apply the skills in their Architectural drawings. Overall the lecture was quite valuable for students.

**CONCLUSION:** The input given by guest faculty was good & appreciable, student were able to understand what sciography means in architecture and the method of drawing the same. They were able to visualize how it is casted by the objects in presence of light. They also learnt the techniques involved in Sciography.
