Poornima University organized a PU_INSPIRE session, a Health talk for students on **“Tobacco Consumption – its Oral and Dental Implications”**. The talk included serious implications of consuming tobacco like oral cancer, melanosis, gum problems, halitosis etc. **Dr. Gaurav Mathur** (MDS, Prosthodontics, Maxillofacial Prosthetics & Implantology) from SG’s Smile Impressions, **Dr. Swasti Tambi**

(Preventive and Community Dentistry Associate Professor, JDC & Department head (dental) Relief Riders International) and Dr. Nishad Gawali (Chief Dental Officer in rural areas of Kolkata.) visited the University and took this awareness session, and then a consultation camp for all faculty and staff members and students. They emphasized serious implications of consuming tobacco and enlightened students with its harmful life destroying effect.
