

POORNIMA UNIVERSITY

29th January 2016

Report On Workshop by Linsay Carone

A workshop was organized for the students of B. design and BFA students of Poornima University on **25th January 2016**. Ms. Linsay Carone, Fulbright-Nehru Student Research Programme was invited to conduct the workshop. The content of workshop included Influences for art works of Ms. Carone, Thought process in the works of her art, Concept of using the waste material and Completed projects using waste plastic carry bags. The workshop was based on 'Collaborative Installation using plastic bags', wherein over 400 used plastic bags were used to create 12 meter wide circular Rangoli. 52 students participated in the rangoli making under the supervision of Ms. Carone. The lecture & workshop exposed the students with the concern for disposal of plastic wastes and the innovative reusing mechanism for the same. The workshop enabled the students to put their creativity on ground while being concern for the environment in an innovative manner.
